Paul Bonenfant Joins HEI's Pipeline Group

June 24, 2009 – Holland Engineering, Inc. (HEI) is pleased to announce that Mr. Paul Bonenfant has joined HEI's Pipeline Group as Senior Project Manger. Mr. Bonenfant has over 34 years of experience in the natural gas industry. Throughout his career, he has been responsible for numerous interconnection projects, gas transmission system connections, and meter station designs involving both onshore and offshore platforms. Mr. Bonenfant will be using his extensive background and leadership to further expand the services of HEI's Pipeline Group.

Founded in 1977, HEI provides civil and structural engineering, land surveying and pipeline consulting services to clients throughout the United States. HEI has grown from an original staff of five to over 65 engineers, surveyors and design professionals. HEI's Pipeline Group provides a full range of engineering, project management, internal inspection and field services to clients throughout the energy sector.
